Worksheet: Discovering Tut — The Saga Continues (A.R. Williams)

IB · Class 11 · English · 3 questions · 9 marks

Name: _____ Date: _____ Score: _____ / 9

Q1. Compare Howard Carter's 1922 excavation of Tutankhamun's tomb with the 2005 CT scan investigation. What changed in 83 years? *[2 marks]*

Q2. What does the CT scan reveal about Tutankhamun's health and the likely cause of his death? How does this disprove the 'murder' theory? *[3 marks]*

Q3. How does the chapter present science as a truth-seeking process? What does Tut's story — from Carter to X-ray to CT scan — reveal about how scientific understanding of historical facts evolves? *[4 marks]*
